

Fernandez Anderson Fundraising Chair | Commitment To Excellence

I am in my second year of service on the CTE Board of Directors and have chaired the fundraising committee for the past year.

I am currently a Senior Settlement Consultant and Planner for Sage Settlement Consulting, the largest plaintiff-oriented settlement consulting and planning firm in the country. Sage does nearly \$2 billion in structured settlement premium annually. For the past thirty plus years, I have worked in the settlement consulting industry and was the first African American Settlement Consultant in the country. Not only did I transform the industry via my race, but also with the innovation of new products and tools that I brought as a Financial Advisor for companies such as Merrill Lynch, New York Life and Dean Witter Reynolds. I have had the privilege of consulting on some of the highest profile cases and largest settlements in the country. I am a Founding Member of the Society of Settlement Planners. Over the years, I have lectured and presented at numerous Bar Associations, including the American Association for Justice and authored several White Papers regarding Post Mass Tort Settlements.

I am in my fifth year of service on the Board of the Atlanta Urban Fellowship of Christian Athletes (FCA). I previously served on the Board and as an Elder at Eagles Nest Church, one of the fastest growing churches in Metro Atlanta.

West Virginia Institute of Technology (Business Management)
University of Notre Dame Mendoza School of Business (Certified Structured Settlement Consultant designation)

Avid fitness enthusiast, golfer and sports fan, Married to Najiawa Anderson and the father of four incredible children.
